

2018 I.C. Summer Program

Course Descriptions

Grades 1-2

Mrs. Moore:

Who's ready for a little Summer fun? It's time to discover you can stretch your abilities like never before as you DASH through a week of INCREDIBLE artwork!

Mrs. Bibb:

Calling all SUPERHEROES! Want to experiment with Science in SUPER ways? Join me and use your powers to discover how cool science can be. Science- you can't be a Superhero without it!

Mrs. Aldridge:

Put on your tennis shoes, grab a water bottle and be ready to speed stack, jump and dance! Learn new skills, Get Fit and have a Blast 🤪

Grades 3-4

Mrs. Robertson:

Are you silly? Are you funny? Do you like superheroes and surprises? Then come to my Super Silly Hero's art class. We will create surprised animals, silly photo-booth props, goofy food art, superhero jewelry and maybe even some of the silliest slime ever seen! Don't miss this Super Silly time with us!!!

Mrs. Stoll:

Calling all Superheroes! Come test your powers with Mrs. Stoll at the Superhero Training for humans. Let's take a look at the science behind how Superheroes get their powers and how they work. Don't you want to find out which Superhero you are?

Mrs. Drake:

Join us for a fun-filled week of sports! In this summer session, you will learn how to play basketball, softball, and volleyball. After we have covered all the skills, we will put them to the test at the end of the week by playing games against one another! With hard work, dedication and most of all fun, everyone is sure to have a good time!

Grades 5-8

Mrs. McClinton:

SUPER SELF PORTRAITS

Super Artists! Come learn new, super art skills to help you create two very awesome self portraits. Your first portrait will be a painting on canvas. You will learn an awesome photo transfer technique to help you with proportions and likeness. Your second self portrait will be 3-dimensional. You will learn several cool handbuilding techniques to create a self portrait out of clay. These self portraits are going to be super!

Mrs. Rader:

Bit-Bot-Bork Do you speak robot? Well you will soon when you use code to program our Cleverbots. What can they do? Well, they will do what you tell them to do. You are the boss!

Mr. McClinton:

Soccer is more than a game you play with your feet. Learn the beautiful game through variations of dodgeball, freeze tag, musical chairs, chess, and speedball.
