The involvement and cooperation of parents is essential for a student’s success in school. A parent’s support of school policies and procedures is essential also for the smooth functioning of the school. An essential element of parental cooperation includes supporting the school and the school personnel in the presence of children.

“My child/children and I acknowledge online access to the **Immaculate Conception Policy Manual**, which includes the **Athletic Policy, Photo Release Form, and Student Technology Acceptable Use Policy and Social Networking Policy**, and although we may not agree with all the regulations, we understand the student must adhere to them while he/she is at school or in attendance at school-sponsored activities. In the event that we are not entirely certain of some aspect of school policy, we will contact the principal for clarification within one (1) week of that policy.” Our signatures below further verify that we have online access to and agree to adhere to the above-mentioned policies:
